Arts & Event Space

Bring *elegance*
and history
to your function with
Endeavor Arts

*T*his unique and sophisticated open space brings the character of hardwood floors, the charm of a beautiful central skylight, and the atmosphere of a building that dates back to 1910.

The 2800 sq ft area is the perfect location for weddings, corporate meetings, private functions and other celebrations. Nestled in the urban living area of Victoria Park, it's central for all your guests.

Endeavor Arts allows you to cater your own functions or can assist you with all your catering needs. It also provides a HD screen so you can display your photos, feature your video or deliver the perfect presentation.

With the capacity to accommodate 150 people, Endeavor Arts brings you an intimate gathering immersed in the ambience of fine art and chic style.
